
OG 240 Fast Dry MRC

Fast Dry Metering Roller Cleaner

Product Description

OG 240 Fast Dry MRC is a fast-drying metering roller cleaner with extra cleaning strength. It is recommended for the printer that requires quick metering roller cleaning and fast restarts.

Product Application

Continuous dampening systems depend on the smooth surface of the metering roller to ensure uniform dampening of the plate and to prevent streaking in the solids and screens. OG 240 Fast Dry MRC is ideal for cleaning all rollers in the dampening system, leaving them clean and free of any ink or resin build-up that can promote ink feedback into the dampening system.

Technical Specifications

Drying Speed	Fast
Water-Miscible	Yes
Flash Point (°F TCC)	10
VOC (lb/gal method 24)	5.40
Vapor Pressure (mm HG)	19
Odor/Fragrance	Strong / Sweet

Features and Benefits

- * Very fast-drying.
- * Leaves no residue.
- * Compatible with dampening roller compounds.

Directions

Blankets: Apply OG 240 Fast Dry MRC with a saturated cloth and wipe in a back and forth motion. Wipe clean with a dry cloth.

Rollers: Apply OG 240 Fast Dry MRC to roller train with a solvent applicator bottle. Engage the wash-up blade, or on small presses attach a wash-up sheet to the plate cylinder. Apply small amounts of OG 240 Fast Dry MRC until the rollers are clean.

Metering Roller: Saturate a cloth and wipe metering roller to remove ink.
