
OG-315 Wash

Water-Miscible Blanket and Roller Wash for Medium & Large Presses

Product Description

OG-315 Wash is specially formulated with a combination of solvents and surfactants designed to thoroughly remove ink and varnish from sheetfed and web presses. It is water-miscible, has a mild, pleasant fragrance and contains no chlorinated solvents.

Product Application

OG-315 Wash is best used in sheetfed automatic blanket and roller wash systems. It is safe for Buna-Nitrile rubber compounds and is strong enough to thoroughly remove ink from the rollers without leaving any damaging residue.

Technical Specifications

Drying Speed	Medium
Water-Miscible	Yes
Flash Point (°F TCC)	107
VOC (lb/gal method 24)	6.40
Vapor Pressure (mm HG)	2.60
Odor/Fragrance	Med/Sweet

Features and Benefits

- *Heidelberg automatic blanket and roller washer qualified.
- * Economical and efficient.
- * Non-damaging to rollers and blankets.
- * High flash point.
- * Pleasant odor.
- * Water-miscible up to 50%

Directions

Blankets: Apply OG-315 full strength or mix up to 50% with water. Apply with a saturated cloth until all surface ink has been removed. Wipe clean with dry cloth.

Rollers: For use in Heidelberg automatic blanket and roller washers. Follow instructions to set wash cycle for optimum cleaning. The use of deep cleaning conditioner is recommended for tough color changes and routine maintenance.

Hand Wash: Apply OG-315 to rollers, allow to run and engage wash-up blade.
